

MODULE 10 – AVIATION LEGISLATION

INTRODUCTION

Resource Group Aviation Technical Training in cooperation with AESC delivers EASA Examinations for obtaining EASA Aircraft Maintenance License, which could be done for A1, A3, B1.1, B1.3 and B2 category.

Two packages available as follows:

- Examination session
- Examination session + Manual

DESCRIPTION

The EASA Module 10 Examination is in line with the international quality and procedural standards for the training of maintenance personnel as laid down in [EASA](#).

Examination will be carried out using the multi-choice question format and essay questions, in accordance with the standard defined in [Appendix I](#) and Appendix II.

Participants will receive a Part-147 Certificate of Recognition upon successful completion of the module course and related examination.
